Inhalation

Get into fresh air immediately, if breathing is difficult give oxygen. Seek medical attention immediately. Give mouth-to-mouth if respirations stop.

Eyes

Allow streaming water to flow over the face while blinking both eyes for 15 minutes for optimum irrigation. Get medical attention.

Skin

In case of skin contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Seek medical attention if irritation persists. Discard any clothing/shoes that cannot be cleaned.
